Description:

Two murders . . . two towns . . .A woman sits in a wheelchair perched on a cliff high above the sea, her throat slit from ear to ear . . .In a maze of narrow alleys behind a market square, a teenaged girl has been murdered after a night of drunken revelries with her friends.A pair of horrific

crimes, the first—a seemingly senseless murder of a helpless paraplegic—falls to Inspector Annie Cabbot, on loan to a local police department. The terrible death of young Hayley Daniels becomes Chief Inspector Alan Banks's investigation. But shattering revelations threaten to awaken the slumbering demons of earlier, darker times, and more blood is in the offing when the two cases brutally and unexpectedly collide.

Once again we have two separate murder investigations going on here. In my opinion, his writing gets better with each book. So far there are currently 23 DCI Banks books out and I'm on a mission to catch up with the series. Then I can eagerly await publication of the newest book in the future. This book, *Friend of the Devil*, is number 17 in the series. DI Annie Cabbot has been loaned out to neighboring police force but she is in touch with Eastvale Police as the two investigations appear to relate to one another. Alan Banks is paired with obnoxious DS Kevin Templeton and one of my new favorite characters, Winsome Jackman. Winsome is a 6 foot black female detective hailing from Jamaica. You can imagine the stir she causes in the quiet Yorkshire dales since they've never had any ethnicity in the police force before. In Banks' investigation we have a collage-aged drunken female who was found raped and murdered in *The Maze*. There are many suspects but the murderer wasn't who I thought it would be. Great job of keeping that a mystery up until the end. I wish he had written about the murdered girl's family again though, see them have closure. Detective Inspector Annie Cabbot's investigation involves a wheel-chair bound woman who had her throat slit. Why would anyone want to harm a paraplegic? That is revealed, as well as a blast-from-the-past from a previous book, when they discover the murderer in this case. At the 60% mark there was a huge twist and surprise! As always what I love about Alan Banks is the dedication to the job as well as his personal life interests of literature, music and food. Reading some reviews there are folks who only want the murder investigation and have zero interest in the personal life and loves of our detectives. I like the balance of knowing who these people are when they aren't working. It makes them more rounded characters for me. There was quite a bit of food mentioned in this book as many discussions take place in a pub. At one point Banks meet someone in a wine bar and enjoyed a good wine and baked brie with toasted baguette. Yorkshire puddings, sausages, vegetarian meals, Black Sheep ales and more.
